that a bill for taking the census preparawedneed into the Legislature. The time when it is necessary for a person to be here to extitle them to vote at the election for delegates to the Constitutional Convention, will be about the fifteenth of March We know that a great many good men from the non slaveholding as well as the slaveholding States, insend emigrating to our Territory during the spring, and should and do desire to be here is time to take part in the formation of our organic law. We hope all such will come before the fifteenth of March, as we are very confident that the bill will become a law at once Our aim is to defeat the Black Republicans at all hazards, and to do this, we arge all men from every quarter of our common country, who love its constitution and perpetuity, better than they love the nigger, all who are willing to abide by and sustain those great national principles which so recently triumphed in the election of Mr. Buchanan, we urge all such to be here in time for the registry. And more especially we urge our Southern friends, who intend making Kap-as their home, to hasten on.
